

Timber Framing Workshop

Join us for a fun filled, completely hands on and wildly educational seven day timber framing workshop in Murray, Kentucky June 1 thru 8, 2012! Our workshops are totally hands on and you will be laying out, cutting and assembling timber on real homes- no small examples or “mockups” here.

The pace is relaxed and fun yet amazingly productive and efficient.

Each workshop includes three meals a day, camp accommodations, bathing facilities and everyone is encouraged to stay onsite.

*So come and join us for a week
of serious fun and learning you won't forget!*

“Very excellent class, met my expectations thoroughly and beyond” Ian P., Alabama

“Turned a pile of timbers into a very substantial and attractive shelter, WOW!!” Dennis S., Michigan

“Excellent instruction, Charles went above and beyond to make it a great experience.” Randy H., North Carolina

“Will remember my week for years to come” Jackie C., Kentucky

“Gave me the confidence and knowledge to tackle my own project” John C., Missouri
